Academic Positions

City University London (2015-Present)

Lecturer

I am a lecturer in international political economy (quantitative methods) in the Department of International Politics and the City University London Q-Step Centre.

Hertie School of Governance (2013-Present)

Post-Doctoral Fellow

I am co-authoring with Prof. Mark Hallerberg a project examining the political economy of responses to financial crises. The project is funded by the Deutsche Forschungsgemeinschaft (German National Research Foundation).

I also design and teach a graduate-level course on collaborative data science and supervise masters theses.

Yonsei University (2012-2013)

Lecturer, International Relations

I developed and taught courses primarily in political science and applied social science statistics.

Syllabi available at: <http://bit.ly/1x358AC>.

Hertie School of Governance (2010–2012)

Research Associate

London School of Economics (2010-2011)

Fellow in Government

London School of Economics/Peking University (August 2011 & 2012)

Graduate Teaching Assistant

London School of Economics (2009-2012)

Graduate Teaching Assistant

Eduction

London School of Economics (2008-2012)

MRes/PhD Political Science (Quantitative Research Methodology)

Awarded MRes with Distinction

My thesis used signalling games, event history analysis, and case studies to examine how economic policies are made in times of crisis.

- Examiners: Charles Goodhart and Vera E. Troeger
- Supervisors: Cheryl Schonhardt-Bailey and Simon Hix

London School of Economics (2005-2006)

MSc Comparative Politics (Research Methodology)

Graduated with Distinction

McGill University (2003-2005)

BA (Honours) Political Science & Geography

Graduated with First Class Honours, in the top 10% of the class

Other Education

Oxford University Spring Summer School (2014)

Bayesian Hierarchical Models for Social Research (taught by Jeff Gill)

Publications

Papers and book chapters from my research program can be downloaded from <http://bit.ly/1HQAi9I>.

 - Korean Political Science Association World Congress (2011)
 - ECPR Regulation in the Age of Crisis (2010)
-

Other Professional Activities

Software

- simPH: Tools for simulating and graphing quantities of interest estimated using Cox Proportional Hazards models.
- networkD3: Tools for creating D3 JavaScript network graphs from R. With JJ Allaire and RStudio.
- dynsim: An R implementation of dynamic simulations of autoregressive relationships (with Laron K Williams and Guy D Whitten).
- dpmr: Data package manager for R (with the Open Knowledge Foundation).
- repmis: A collection of miscellaneous tools for reproducible research with R.
- DataCombine: R tools for making it easier to combine and clean data sets.

Reviewer

American Political Science Review, Chapman & Hall/CRC Press, International Political Science Review, Journal of Common Market Studies, Managerial Finance, Manning Publications Co., Packt Publishing, International Studies Perspectives, Political Science Research and Methods, Political Research Quarterly.

Professional Memberships

I am or have been a member of the Foundation for Open Access Research, American Political Science Association, the European Political Science Association, and the Midwest Political Science Association, rOpenGov.

External Funding/Awards

- LSE IR Department Seed Grant (with Jeff Chwioroth)
 - Project grant (270,000 Euros) from the Deutsche Forschungsgemeinschaft (with Mark Hallerberg)
 - LSE Class Teacher Award, Quantitative Methodology (2009-2010)
 - LSE Government Department PhD Studentship (2008-2012)
 - Penn State University President's Award
 - Canadian Tower Scholarship for the Environment
-

Other Skills

IT

I am a highly skilled user of Amazon EC2, Bash, CSS, Git/GitHub, HTML, JAGS, JavaScript, knitr, LaTeX, Linux, Lyx, MS Office, MySQL, Python, R, Shiny web apps, SPSS, Stan, and Stata.

Languages

I have studied Spanish, French, Korean, and am currently working on German.
